CATALOGUE 2020

A FULL RANGE OF DISPOSABLE
PROTECTION ARTICLES AND
THE LARGEST SELECTION OF BAGS

IBP COMMERCIAL PHILOSOPHY

From more than a decade, when we started this business project, we always wanted to keep a very clear company philosophy, keeping the respect to our customers, aiming the “value creation” as main target and to adapt ourselves to their needs. We base our moves in the following:

PRODUCT

A large product portfolio which covers the totality of each sector needs.

WAREHOUSING - STORAGE

Warehousing facilities with 7.000 m2.. Huge stock availability, which guarantees a continuous product delivery.

PACKAGING

Perfect product identification, as inner as outer seeing. We comply with the EU normative for EPIs packaging printing CE2016/425.

SUPPLIERS

Our suppliers comply with all legal normatives, they are continuously audited.

QUALITY

All products included in our selection have been manufactured under our own specifications, we guarantee a uniform quality at the end of production and at the reception of the product before its distribution.

NORMATIVE

Compliance with legal rules, optative and mandatory, referred to those articles, and Food Certification in all plastic raw material which are in contact with food (RGSA:39.00004323/M).

TECHNICAL SUPPORT, COMMERCIAL & MARKETING

We offer training courses for your Sales Force and give all necessary support for selling as technical data sheets, pictures, and marketing tools like Social Networking and other Media publishing.

INNOVATION

Non-stop new products innovation as “uniuso” and “ecouso”, thanks to our permanent searching in all international markets.

ORDERS

No MOQ requested (order from a complete carton only) for non woven garments and 1000pcs for bags.

DELIVERIES

Delivery terms according to your country transport requirement.

NO SURPRISES

Price maintenance guarantee during 6 months.

SPECIAL PRICES FOR VOLUMEN

Quarterly tariff. Please, ask your sales agent.

PERIODIC DELIVERIES

Planned deliveries with fixed and closed prices.

SPECIAL SERVICES

Disposable Broker, Dropshipping, customized product.

RSC

We keep a compromise with our society, devoting a part of our resources to activities and solidarity actions.

Special Services

DISPOSABLE BROKER

IBP Uniuoso is specialist in Import and trade of “protection, packing and hygiene of single use products”. The market experience lasting for many years has given high levels of exigence in production, quality, distribution and management.

We put at your service our profesional team to make direct import of this products

What is making us different comparing to others?

- We know product and supplier
- We import complete containers since 20 feet
- We can customize your product
- Product and packing data sheet
- We control the manufacturing process
- Origin quality control for production and pre loading
- Through your account manager, we keep you updated about the whole process and tracking
- We care about your product till it arrives at your warehouse
- Closed prices

DROPSHIPPING

IBP Uniuoso offers to distributors the possibility of sending product directly to their customers, avoiding storage expenses, distibution and managemet.

- From 1 complete carton
- Total confidentiality
- We are not a third party, we distribute our own stock
- No stock needed neither warehousing structure needs
- We become your logistic forwarder
- We deliver to your end customer and we do it under your own name
- Orders with planned deliveries
- We offer post sale support in order to solve any incidence with delivery
- Customized packaging based on volume

PERSONALIZATION

We customize your product following your interests and needs. Ask to your sales agent without compromise.

Business lines

With a continuous adaptation to the market as main target, a market who demands from us a line of respectful products with an environment we belong to and make part of it, we can offer the following business lines.

ibp*uniuso*

Products for “one use or short term use”, recyclable, valid for being in contact with food.

ibp*unibásico*

Products for “one use or short term use”, anon-expensive alternative for short terms usage. Recyclable and valid for being in contact with food.

NACIONAL

IBP Uniuso RSC

Created in 2017, The IBP Tennis Series were born as project to boost up all tennis tournament in Spain and abroad, which mean an estrategical step for Tennis as sport base in Spain.

They have been officially recognized by the RFET as Nacional Circuit, and in 2020 we have, as a target, to make 100 different tournaments, distributed all over Spain, allowing to register and play more than 1.000 tennis players.

This circuit is a bet for our Tennis, for our clubs and our players. Tennis as source for value transmitter like Solidarity, Equality and Integration.

Since its first edition, The IBP Tennis Series, through the programm called Solidarity Tennis, has a solidary point of view, which represent the Tennis and our Circuit compromise which all of them who has a need.

Just in cooperation with María de Villota Legacy and through all tennis clubs venues, along those 3 editions already celebrated, we have brought to several local ONG's more than 60 tons of food for charity social canteens, and also we have supported 1.200 treatments against neuromuscular diseases in childs.

“Sport, compromise & solidarity”

“Trust in IBP Uniuso as your supplier of the most complete range of disposable protection products and the largest selection of bags.”
